**LAKOS PRODUCTS – BUY AMERICAN – CONFORMANCE CERTIFICATION**

This letter serves as a conformance certification that LAKOS Separators and Separator Systems are manufactured in the United States; labor content meets or exceeds 55%.

Some included materials such as metal pipe are sourced globally because domestic costs far exceed the cost of foreign material. Much of the foreign material purchased are sourced from countries that qualify for Buy American Act through World Trade Organization Agreements.

Customers requiring compliance with Buy American Act and/or source Material made in United States requirements must notify LAKOS at the time of quote and order to ensure components are sourced appropriately.

Sincerely,

Roberto Verdugo
